

Name _____

My Bedroom

My bedroom is small, but it has everything I need. I added a few decorations to make it look prettier. I put a piggy bank on my dresser. Above on the wall I put an oval mirror. On the same wall, there is a shelf above my bed. I added a plant on it. On the wall facing the window, I hung a picture of my dog and a drawing of my house. I also have curtains, two small cushions on my bed, a carpet on the floor and a computer on my desk.

Here is my room. Look at it carefully. There are eleven things missing.
Can you draw them?
