D A CAR ACCIDENT

~~adhesive~~ Aspirin ~~CPR~~ ~~gauze~~ rescue ~~splint~~

There was a terrible car accident and the rescue workers were very busy. First, they had to do CPR ¹ for a man who didn't have a pulse. Then, they had to make a splint ² for a girl who sprained her wrist. They also had to use a lot of gauze ³ and adhesive ⁴ tape for all the people with scrapes and cuts. Many people had to take Aspirin ⁵ for their pain. And for a few people who weren't breathing, they had to perform rescue ⁶ breathing. It was a terrible accident.
