I had a busy weekend. Our television didn't work so I went on the roof¹ to fix the TV antenna² and the satellite³ dish. There was no light on the front walk, so I repaired the lamppost⁴. The back⁵ door didn't open, so I repaired the doorknob⁶. I put screens⁷ in all the windows. I repaired the garage⁸ door so my car didn't have to stay in the driveway⁹. I fixed the lawnmower¹⁰ and then cut the grass with it. After all that work, I wanted to relax, so I repaired the lawn chair¹¹ and fell asleep in it on the patio¹².

C OUR APARTMENT BUILDING

- | | | | | | |
|--------------------|---------------------|------------------|---------|-----------|----------|
| buzzer | fire | laundry | lock | sprinkler | swimming |
| doorman | intercom | lobby | parking | stairway | trash |

Our new apartment building is wonderful. In the lobby, there's a doorman¹ who opens the door. When our friends come, they can call us on the intercom² and we ring the buzzer³ and let them in. The mailboxes are also in the lobby⁴. To come upstairs to our apartment, you can take the elevator or the stairway⁵.

There are other nice things about our apartment building. On every floor, there's a trash⁶ chute and a laundry⁷ room. Outside there's a big swimming⁸ pool, and we have our own parking⁹ space.

The building is very safe, too. There's a dead-bolt lock¹⁰ on every door, and in case of fire, every apartment has a sprinkler¹¹ system, and there's a fire¹² escape on every floor.
