Tuesday: Summary of Show watched

The show begins with Hayley asking her brother, Alex, if he stole her "louis" as he hugged her in the last episode. He makes her really upset so she decides to move back home with her dad. When she is at home, she yells at her father because all he is doing is trying to figure out how and why his wife died. Meanwhile at the Greenhouse, students are given the task to talk about a character in the movie "Toy Story". Max finds out that Jackie has never seen the movie and he decides to set up a whole movie theater for her to watch it, with popcorn too! Daniel's leg hurts him and Brooke asks him about it. Leo visits Hayley's house and tries to convince her to come back. Judy and Jason are trying to get rid of Hayley's brother Alex (from the Greenhouse).

Wednesday: Comparison of two characters from the show

Thursday: Drawing of Main Events

Friday: Recommendation

I would recommend that kids who like a TV show about relationships watch this show. Don't get me wrong, the show is not only about relationships but the theme is visited many times throughout the seasons. I think that if a person enjoys watching a detective show, they will like this one! Many characters are mysterious, their identities and motives are only revealed if you watch every episode. If you like an entertaining show that is quite short, I suggest you check out *Greenhouse Academy*!
